If you do attend the meeting, you may vote at that time, which will revoke automatically any prior vote you may have submitted. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain a proxy issued in your name from that record holder. Further instructions are included in the Proxy Statement under “Voting Rights and Solicitation.”

**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS OF CYANOTECH CORPORATION
To Be Held August 25, 2022**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Cyanotech Corporation (the “Company” or “Cyanotech”) of proxies to be voted at the 2022 Annual Meeting of Stockholders (the “Annual Meeting”) which will be held on Thursday, August 25, 2022 at 3:00 P.M., Pacific Daylight Time, at the Four Points by Sheraton Ontario-Rancho Cucamonga, California 91739, or at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. On July 15, 2022, the Company distributed to stockholders of record a Meeting Notice Regarding the Availability of Proxy Materials for this meeting containing instructions on how to access via the internet (www.envisionreports.com/CYAN) this Proxy Statement, the Notice of Annual Meeting, the form of proxy and our Annual Report on Form 10-K for the fiscal year ended March 31, 2022, and our undertaking to also mail a full set of such proxy materials, together with a postage paid envelope for returning non-electronic proxy cards, to any stockholders who request paper copies at no cost to them.

The Company’s principal executive offices are located at 73-4460 Queen Kaahumanu Highway, Suite 102, Kailua-Kona, HI 96740.

VOTING RIGHTS AND SOLICITATION

The enclosed proxy is being solicited on behalf of the Board of Directors of Cyanotech for use at the Annual Meeting, so that your shares will count toward determination of the presence of a quorum and your shares can be voted at the meeting.

Who May Vote: The close of business on July 6, 2022 is the record date for stockholders entitled to notice of and to vote at the Annual Meeting. All holders of the Company’s Common Stock outstanding on the record date are entitled to vote at the Annual Meeting. Each stockholder has one vote for each share so held. At July 6, 2022, 6,203,643 shares of Common Stock, \$0.02 par value per share, were issued and outstanding. You may vote by submitting your proxy card by internet, telephone, mail or in person at the meeting, or you may attend the meeting and vote your shares in person by ballot.

Methods of Voting: All stockholders of record may vote by mail by completing, signing, dating and returning their proxy cards in the postage-paid envelope. If you sign, date and return your proxy card without indicating how you want to vote, your proxy will be voted as recommended by the Board of Directors. Stockholders of record can instead vote by toll-free telephone or the internet website address listed on the proxy card; they may also vote by proxy card or by ballot if personally present at the meeting, but only the last vote before the polls close at the meeting will count. Stockholders who hold their shares through a broker, trustee or other nominee also can vote by telephone or internet as instructed by their bank, broker or other nominee; as “beneficial owners” they can also vote at the meeting if they present a separate “legal proxy” from the actual record holder and in that event only the final vote made in the name of the stockholder of record will count.

The presence in person or by proxy of the holders of record of a majority of the voting power of the outstanding shares entitled to vote constitutes a quorum. Directors are elected by a majority of votes cast. For approval of all other matters to be voted on, when a quorum is present a matter is approved if the number of votes cast in favor of the action taken exceeds the number of votes cast in opposition to the action. Abstentions are counted only for purposes of determining whether a quorum is present.

Voting Shares Held by Brokers, Banks and Other Nominees: Votes will be counted by the inspectors of election appointed for the meeting, who will separately count “For” and “Withhold” and, with respect to any proposals other than the election of directors, “Against” votes, abstentions and broker non-votes. A “broker non-vote” occurs when a broker, trustee or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker, trustee or other nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner, despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions.

Many of our stockholders may hold some or all of their shares through a broker, trustee or other nominee, rather than directly in their own name. As summarized below, there are distinctions between shares held of record and those owned beneficially.

- **Stockholders of Record** — If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the “stockholder of record.” As the stockholder of record, you have the right to grant your voting proxy directly to us or to a third party and to vote by completing a proxy card by internet, by telephone or by mail, or to vote in person by ballot or by proxy at the Annual Meeting of Stockholders.

- **Beneficial Owners** — If any or all of your shares are held of record in a brokerage account, by a trustee or by another nominee, you are considered, with respect to those shares, the “beneficial owner.” As the beneficial owner of those shares, you have the right by internet, telephone or mail to direct your broker, trustee or nominee how to vote, and you also are invited to attend the Annual Meeting of Stockholders in person. Because a beneficial owner is not the stockholder of record, however, you may not vote these shares in person at the Annual Meeting of Stockholders unless you obtain a “legal proxy” from the broker, trustee or other nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting of Stockholders.

For your vote to be counted, you must communicate your voting decisions by internet, telephone or mail to your broker, trustee or other nominee before the date of the stockholders meeting. Brokers, trustees and other nominees who do not receive instructions are entitled to vote those shares with respect to the ratification of the selection of our independent registered public accounting firm, but *not* with respect to election of directors. If your shares are held by a broker, trustee, bank or other nominee, *for your vote to be counted* you will have to obtain a separate legal proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares or how to obtain an authorization from your broker allowing you to vote your shares at the Annual Meeting in person or by proxy. Abstentions and broker non-votes will be included *only* in determining the presence of a quorum at the Annual Meeting but *will not be counted* as votes cast on any proposals to be voted upon.

Voting your shares is important to ensure that you have a say in the governance of your Company. Please review these proxy materials and if you are a beneficial owner, follow the voting instruction form you receive from your broker, bank or other nominee to vote your shares. We hope that you will exercise your rights and fully participate as a stockholder in our Company’s future. If you have any questions about this rule or the proxy process in general, please contact the broker, bank or other financial institution where you hold your shares. The SEC also has a website (www.sec.gov/spotlight/proxymatters.shtml) with more information about your rights as a stockholder. Additionally, you may contact Amy Nordin, Corporate Secretary, by telephone at 808-331-4102 or by email to anordin@cyanotech.com.

Voting Shares by Proxy: Shares represented by proxies in the accompanying form which are properly executed and returned to Cyanotech by internet, by mail or by telephone will be voted at the Annual Meeting in accordance with the stockholder’s instructions contained on the proxy or herein. To submit your proxy by mail, mark your votes on the enclosed form of proxy, then follow the directions on the form of proxy. To submit your proxy using the internet or by telephone, see the instructions on the proxy form and have the proxy form available when you access the internet website or place your telephone call. In the absence of contrary voting instructions properly submitted, all shares represented by properly submitted proxies which have not been revoked will be voted:

- a) **FOR** the election of each of the directors as described herein under *Proposal ONE*;
- b) **FOR** *Proposal TWO* to ratify the selection of Grant Thornton LLP as the Company’s independent registered public accounting firm for Fiscal Year 2023.

Management does not know of any other matters to be presented at this Annual Meeting other than those set forth in this Proxy Statement and in the Notice accompanying this Proxy Statement. If other matters should properly come before the meeting, the proxy holders will vote on such matters in accordance with their best judgment.

The entire cost of soliciting the proxies will be borne by Cyanotech. Proxies will be solicited principally through the use of the mails, but, if deemed desirable, may be solicited personally or by telephone, e-mail, facsimile or letters from officers and regular Cyanotech employees who will receive no additional compensation. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to the beneficial owners of the Company’s Common Stock, and such persons may be reimbursed for their expenses.

Revoking Your Proxy: Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is exercised at the stockholder meeting. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 73-4460 Queen Kaahumanu Highway, Suite 102, Kailua-Kona, HI 96740, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting, notifying the Secretary of the Meeting of the revocation of the prior proxy, and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Appraisal: None of Nevada law, our Restated Articles of Incorporation or our Amended and Restated Bylaws (the "Bylaws"), provides for appraisal or other similar rights for dissenting stockholders in connection with any of the proposals to be voted upon at this Annual Meeting.

IMPORTANT NOTICE
Regarding Availability of Proxy Materials
For the Annual Meeting to Be Held on August 25, 2022

As permitted by the SEC, the Company is making available its Notice of Annual Meeting, Proxy Statement and Annual Report for fiscal year ended March 31, 2022 at www.envisionreports.com/CYAN. If you received the Company's notice containing instructions on how to access these materials via the internet, you will not receive a printed copy of the proxy materials unless you request a copy by following the instructions contained in the notice which directs stockholders to that website, or to telephone toll-free 1-866-641-4276 or to email a request to investorvote@computershare.com.

- **Stockholders of Record.** If your shares are registered in your own name, you may enroll to have future proxy materials delivered via e-mail or the internet by following the instructions at www.envisionreports.com/CYAN. You will need the control number on your proxy card to enroll.
- **Beneficial Owners.** If your shares are not registered in your name, to enroll in the electronic delivery service, check the information provided to you by your bank or broker or contact your bank or broker for information on electronic delivery service.

Delivery of One Proxy Statement and Annual Report
To a Single Household to Reduce Duplicate Mailings

Each year in connection with the Annual Meeting of Stockholders, the Company is required to furnish to each stockholder of record a proxy statement and annual report and to arrange for a proxy statement, annual report and, if applicable, notice of internet availability of proxy materials to be furnished to each beneficial stockholder whose shares are held by or in the name of a broker, bank, trust or other nominee. Because many stockholders hold shares of the Cyanotech Common Stock in multiple accounts, this process may result in duplicate mailings of proxy materials to stockholders who share the same address. Stockholders can avoid receiving duplicate mailings and save the Company the cost of producing and mailing duplicate documents as follows:

- **Stockholders of Record.** If your shares are registered in your own name and you are interested in consenting to the delivery of a single copy of proxy materials (other than proxy cards), you may also do so via the internet by going directly to www.envisionreports.com/CYAN and following the instructions therein.
- **Beneficial Owners.** If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single copy of proxy materials (other than proxy cards) if there are other stockholders who share an address with you. If you currently receive more than one copy of proxy materials at your household and would like to receive only one copy in the future, you should contact your nominee.

Right to Request Separate Copies. If you consent to the delivery of a single copy of proxy materials but later decide that you would prefer to receive a separate copy of proxy materials for each account at your address, then please notify the Company or your nominee, as applicable, and the Company or your nominee will promptly deliver such additional proxy materials. If you wish to receive a separate copy of the proxy materials for each account at your address in the future, please call toll-free 1-866-641-4276 or send an email to investorvote@computershare.com.

PROPOSAL ONE

Election of Directors

Board Nominees

A board of six directors is to be elected at the meeting. Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** the election of the six Board nominees named below, all six of whom are presently directors of the Company. Each nominee has consented to be named a nominee in this Proxy Statement and to continue to serve as a director if elected. If any nominee becomes unable or declines to serve as a director or if additional persons are nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many nominees listed below as possible (or, if new nominees have been designated by the Board of Directors, in such a manner as to elect such nominees) and the specific nominees to be voted for will be determined by the proxy holders. The Company is not aware of any reason that any nominee will be unable or will decline to serve as a director. Each director elected at this Annual Meeting will serve until the next Annual Meeting or until such director's successor has been elected and qualified. Voting for the election of directors is non-cumulative. While the Board consist of seven directors as of the date of this Proxy Statement, the Board has determined to nominate six directors at this Annual Meeting. Concurrently with the Annual Meeting, the size of the Board shall be reduced to six directors. Therefore, upon the election of the six director nominees, there will be no vacancy on the Board. Proxies cannot be voted for a greater number of persons than the nominees named in this Proxy Statement.

The following sets forth certain information on each of the nominees for election to serve as a director of the Company until the 2023 Annual Meeting of Stockholders including each director's background, principal occupations and employment, as well as specific experience, qualifications, attributes and skills that led to the Board of Director's conclusion that each of the nominees for director should serve on the Board at the time of this Proxy Statement, in light of the Company's current business and structure:

Required Vote

The affirmative vote of the holders of a majority of the aggregate voting power of the Company's Common Stock present in person or represented by proxy at a meeting at which a quorum is present, is required for the election of each nominated director.

The Board of Directors unanimously recommends that the stockholders vote FOR each of the above-named director nominees.

BOARD MEETINGS AND COMMITTEES

Board Meetings

During fiscal year 2022, the Board of Directors met formally six (6) times. Each of our Directors attended 100% of the aggregate of (i) the total number of meetings of the Board of Directors held during the fiscal year, and (ii) the total number of meetings held by all committees of the Board of Directors on which they served.

Director Nomination Process

Director Qualifications. The Nominating and Corporate Governance Committee has established guidelines for considering nominations to the Company's Board of Directors. These include: (a) personal characteristics, including such matters as integrity, education, diversity of background and experience, absence of potential conflicts of interest with the Company or its operations, and the availability and willingness to devote sufficient time to the duties of a director of the Company; (b) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (c) experience in the Company's industry and with relevant social policy concerns; (d) experience as a board member of another company; (e) academic expertise in an area of the Company's operations; (f) practical and mature business judgment; and (g) diversity as to gender, age, ethnic background and experience. The criteria are not exhaustive, and the Nominating and Corporate Governance Committee and the Board of Directors may consider other qualifications and attributes which the members believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The Nominating and Corporate Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In doing so the Committee also considers candidates with appropriate non-business backgrounds.

Identification and Evaluation of Nominees for Directors. The Board of Directors believes that, based on the Nominating and Corporate Governance Committee's knowledge of the Company's corporate governance principles and the needs and qualifications of the Board at any given time, the Nominating and Corporate Governance Committee is best equipped to select nominees that will result in a well-qualified and well-rounded Board of Directors. The Nominating and Corporate Governance Committee also considers any candidate recommended by Company management or the Company's stockholders in light of the criteria for selection of new directors. The Company's Bylaws contain procedures for stockholder nominations which are discussed in greater detail under "STOCKHOLDER PROPOSALS AND NOMINATIONS" on page 21 of this proxy. In making its nominations, the Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills that are consistent with the committee's criteria for Board service are re-nominated. As to new candidates, the Committee will generally poll the Board members and members of management for recommendations and, if appropriate, engage a consultant to assist the Committee. The Committee may also review the composition and qualification of the boards of directors of the Company's competitors and may seek input from industry experts or analysts. The Committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making its determinations, the Committee evaluates each individual in the context of the Board as whole, with the objective of assembling a group that can best represent stockholder interests through the exercise of sound judgment. After review of all pertinent data, and due deliberation by the Committee, this slate of nominees is recommended to the Board of Directors and the stockholders for election.

Each of the nominees for election at this annual meeting was unanimously recommended by the Nominating and Corporate Governance Committee for election.

Independent Directors

The Board of Directors has determined that each of the nominees for director, other than Mr. Custer, has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is "independent" under Nasdaq Rule 5605(a)(2). In making its determination, the Board of Directors considered transactions and relationships between each director (and any member of his or her immediate family) and the Company and its subsidiaries and relationships between the directors or their affiliates and members of the Company's senior management personnel and their affiliates.

Under Nasdaq Rule 5605(a)(2), an "Independent Director" is a person other than an Executive Officer of the company or any other individual having a relationship which, in the opinion of the company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Since Mr. Custer is President and Chief Executive Officer of the Company, he may not be considered an "Independent Director" under Nasdaq Rule 5605(a)(2).

The Independent Directors meet in executive session without the Chief Executive Officer or any other member of management in attendance at least twice annually in accordance with Nasdaq Corporate Governance Rules. Any Independent Director may request an executive session of Independent Directors to discuss any matter of concern.

Stockholder Communication with Directors

Stockholders may, at any time, communicate in writing with any particular director, or the non-management directors as a group, by sending such written communication to Cyanotech Corporation—Non-Management Directors (or to a specific named-director), 73-4460 Queen Kaahumanu Highway, #102, Kailua-Kona, Hawaii, 96740, or by e-mail to board@cyanotech.com. All written communications received will be directed to the relevant director or the non-management directors as a group.

Code of Conduct and Ethics

We have adopted the Code of Conduct and Ethics for our officers and employees. We have also adopted the Board of Directors Code of Conduct. Both Codes are publicly available on our website at www.cyanotech.com. The Codes contain general guidelines for conducting the business of the Company consistent with the highest standards of business ethics and are intended to qualify as a "code of ethics" within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder and as a "code of conduct" within the meaning of the Nasdaq listing standards. If we make any substantive amendments to or grant any waiver from such Codes relating to our Chief Executive Officer, Chief Financial Officer or other officer, we will disclose the nature of such amendment in a report on Form 8-K and amend the website disclosure.

Corporate Governance

In addition to the Company's Restated Articles of Incorporation, the Company's Amended and Restated Bylaws and other key Company governance documents, including its Audit Committee Charter, Compensation Committee Charter, Nominating and Corporate Governance Committee Charter, Board of Directors Code of Conduct and the Code of Conduct and Ethics, are available on the Company's website at www.cyanotech.com. The information contained on the website is not hereby incorporated by reference in, nor considered part of, this Proxy Statement, unless specifically incorporated. The Company will provide copies of any of these documents, free of charge, to any stockholder upon written request to the Chief Financial Officer, c/o Cyanotech Corporation, 73-4460 Queen Kaahumanu Highway, #102, Kailua-Kona, Hawaii, 96740.

The Company has chosen to separate the chief executive officer and board chairman positions as a matter of good corporate governance and to efficiently utilize the skills and time of the individuals who currently serve in these positions. Mr. Custer, the Company's President and Chief Executive Officer is primarily involved in the day-to-day responsibilities and obligations of the Company, while Mr. Davis, the Board's Chairman, provides strategic direction for the Company and presides over meetings of the Board. These two key leaders communicate regularly with each other.

The Board is limited by its size but plays a fundamental role in the Company's risk oversight process, both directly and through the delegation to its committees of responsibilities related to the oversight of certain risks, and regularly discusses with management the Company's major risk exposures, their potential impact on the Company's business and the steps the Company can take to manage them.

While the Board is ultimately responsible for all risk oversight of the Company, the Audit Committee focuses on financial risks as they relate to the Company's financial reporting process, financial statements and internal controls, among other responsibilities set forth in the Audit Committee's Charter. The Nominating and Corporate Governance Committee focuses on the management of risks associated with the Board's organization, membership, governance and structure. The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from the Company's compensation policies, bonus plans and incentive option plans.

The Company has an ongoing commitment to good governance and business practices. This includes regular monitoring and balancing of the Company's processes and procedures in light of any new corporate governance best practices, and a continual review of changes in federal law and the rules and regulations promulgated by the SEC and the regulations of the Nasdaq Stock Market, LLC which are applicable to the Company. These practices help to ensure that the Company will timely comply with new laws and rules and will implement other corporate governance practices which it believes to be in the best interest of the Company and its stockholders.

Among the qualifications considered in the selection of candidates are knowledge, experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability, dedication, and absence of conflicts of interest. The Nominating and Corporate Governance Committee has a policy of considering any candidate recommended by Company management or by the Company’s stockholders in light of the criteria for selection of new directors. Compensation Discussion

Who is responsible for determining appropriate executive compensation?

The Compensation Committee has the responsibility for approving the total compensation program for the Company and its subsidiaries, including base salary, perquisites, incentive compensation and equity-based compensation. The Compensation Committee’s charter does not give the Compensation Committee the right to delegate any of its responsibilities to any other persons. This included determining compensation for the past fiscal year 2022, as well as for the current fiscal year 2023, of our Named Executive Officers (“NEOs”): (1) Matthew K. Custer, President and Chief Executive Officer; (2) Felicia Ladin, Chief Financial Officer, Vice President – Finance and Administration and Treasurer; (3) Gerald R. Cysewski, Ph.D., Chief Executive Officer Emeritus and Chief Scientific Officer.

What are the objectives of the Company’s compensation programs?

The goals of the Company’s compensation program are to align compensation with business objectives and performance, and to enable the Company to attract, motivate and retain executives of outstanding ability, potential and drive commensurate with the size and development requirements of the Company. Key components include:

- The Company’s compensation is competitive with comparably sized companies in the Hawaii and California markets with which we compete for talent and is based on salary surveys purchased annually.
- The Company maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

- The Company provides equity awards for executive officers to align management interest with the interest of the shareholder to drive the long-term financial performance of the Company as they respond to the Company's business challenges.

The Compensation Committee endeavors to balance Company needs and values with the employees' needs and believes that it is important that the Committee maintain this relationship.

What are the compensation programs designed to reward?

The Company's compensation programs are designed to recognize and reward executives for the Company's annual and long-term performance and for individual performance that enhance shareholder value. To that end:

- *Company Performance.* The Compensation Committee considers each executive's overall contribution to the Company's long-term and short-term results and projections in relation to the Company goal of achieving sustainable profitability from sales of its products.
- *Individual Performance.* The Company has a small executive team of talented individuals with clear divisions of responsibility for achieving the Company's goals. The Compensation Committee evaluates the Chief Executive Officer as a committee. That evaluation entails a review of the Chief Executive Officer's performance and progress towards achieving sustainable profitability through improved long-term and short-term results attributable directly and indirectly to his efforts. The Compensation Committee or together with other independent directors acting with the Committee or upon its recommendations also considers relative shareholder return over the same period and chief executive compensation for similar-sized companies with similar results within the relevant geographic and industry area.

For other NEOs, the Compensation Committee reviews and considers whether to approve a performance assessment and base salary recommendation from the Chief Executive Officer. The performance evaluations of these executives are based on the Company's success in achieving short-term and long-term results and projections in relation to the Company goal of achieving sustainable profitability from sales of its products; in addition to performance toward specific departmental goals established annually and approved by the Compensation Committee.

What are the elements of executive compensation?

The elements of the Company's executive compensation include:

- Base salary and bonus, if awarded
- Equity awards

How is base salary determined?

The base salaries of the executive officers are determined initially on the basis of one or more salary surveys conducted by third parties or by the Company's Vice President of Human Resources. Based on such surveys, the executive officers' salaries are set within the ranges of the surveys targeted at the median; the exact level is determined after the Committee considers the experience and capability of the executive officer, the level of responsibility and the needs of the Company.

Are bonuses paid to executive officers?

The Committee believes that, as a general rule, annual compensation in excess of base salaries should be dependent on the Company's performance and should be awarded based on recommendations of the Chief Executive Officer to the Committee and in the discretion of the Board. Accordingly, each fiscal year, the Committee reviews and approves an incentive bonus plan designed to motivate executive officers and key personnel to achieve the financial and operational objectives of the Company.

The incentive bonus plan is based on the Company's profitability and is a mix of cash and equity in the form of restricted stock units (RSUs) that vest ratably over a three-year period. The plan is funded based on a percentage of profit before taxes and each officer is assigned to a tier based on market studies.

As a result, executive compensation, and the proportion of each executive's total cash compensation that is represented by incentive or bonus income, may increase in those years in which the Company achieves greater profitability. On the other hand, in years in which the Company experiences lower profitability, bonuses would be lower or not awarded and total executive compensation should consequently be lower.

For fiscal 2022 performance, bonus incentive compensation for the Company's NEOs was accrued as disclosed in the detail in the Summary Compensation Table set forth below in Executive Compensation and Other Information – Summary Compensation.

What is the Company's equity incentive program?

The 2016 Equity Incentive Plan (the "2016 Plan"), which was approved by stockholders on August 25, 2016, rewards select executives and key employees as an incentive for them to join or remain in the service of the Company. The Compensation Committee administers the Plan.

How does the Company grant equity awards?

The Compensation Committee expects to make equity award grants on an annual basis under the 2016 Plan. Such grants will be intended to align the interests of select executives and key employees with those of the long-term goals of stockholders and provide each individual with a significant incentive to join or remain at the Company from the perspective of an owner with an equity stake in the business. Additionally, the Compensation Committee expects to make equity award grants every three years to all employees to enhance the ethic of ownership in the Company and to further align interests in the long-term future of the Company.

Do executive officers have change-in-control agreements?

Options granted under the 2005 Plan that remain outstanding accelerate when a Change in Control or a Corporate Transaction, as defined in the 2005 Plan, occurs, unless such outstanding options are assumed or replaced by the successor corporation with comparable, equalized options or a cash incentive program in accordance with the terms of the 2005 Plan.

A "change in control", as defined in the 2005 Plan, generally means a change in control of Company effected as a result of (1) any person or related group of persons (other than the Company or a person that directly or indirectly controls, is controlled by, or is under common control with, the Company) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act of stock possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding stock pursuant to a tender or exchange offer made directly to the Company's stockholders which the Board does not recommend such stockholders accept; or (2) a change in the composition of the Board over a period of thirty-six (36) consecutive months or less such that a majority of the Board members (rounded up to the next whole number) ceases, by reason of one or more proxy contests for the election of Board members, to be comprised of persons who either (A) have been Board members continuously since the beginning of such period or (B) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (A) who were still in office at the time such election or nomination was approved by the Board.

Under the 2016 Plan, upon the occurrence of certain Change in Control events (as defined in the 2016 Plan), the Company may provide for any of the following in connection with outstanding awards:

- **Acceleration** – In the event of a Change in Control and Double Trigger Event (as defined in the 2016 Plan) with respect to a participant, the Company may accelerate the exercisability and/or vesting of Awards in connection with such Change in Control and Double Trigger Event;
- **Assumption; Continuation or Substitution** – In the event of a Change in Control, the acquirer of or successor to the Company may, without the consent of any participant, assume or continue the Company's rights and obligations under each or any award outstanding immediately prior to the Change in Control or substitute for each or any such outstanding award or portion thereof a substantially equivalent award with respect to the acquirer's or successor's stock; or
- **Cash Out** – In the event of a Change in Control, the Company may, without the consent of any participant, cancel each or any award or portion thereof outstanding immediately prior to the Change in Control in exchange for a payment with respect to each vested share (and each unvested share, if so determined by the Company) of the Company's common stock subject to such canceled award in cash, stock of the Company or its acquirer or successor, or other property.

In addition, the Employment Agreement for Matthew K. Custer, our President and Chief Executive Officer, provides that in the event that Mr. Custer resigns for good cause, which includes a change in control, he will receive an amount equal to his base salary for twelve months or for the remainder of his contract term, whichever is less, together with (a) any other earned but unpaid amounts due under the terms of his Employment Agreement, and (b) employee benefits for the applicable severance benefit period. "Change in Control" has the same definition provided in the 2016 Plan.

The material in the heading “Compensation Discussion” and the Report of the Compensation Committee are not “soliciting material,” and are not deemed “filed” with the SEC or subject to the SEC’s proxy rules or to the liabilities of Section 18 of the Exchange Act, and are not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in such filing.

AUDIT COMMITTEE REPORT

Management is responsible for our internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”) and to issue a report thereon. The Audit Committee’s responsibility is to monitor and oversee these processes. All committee members are financially literate.

The Audit Committee, which met four (4) times in fiscal 2022, reviewed and discussed the Company’s audited financial statements with management. The Audit Committee discussed with Grant Thornton LLP, the Company’s independent registered public accounting firm (“Grant Thornton”), the matters required to be discussed by Statement of Auditing Standards No. 1301, “Communication with Audit Committees,” as adopted by the PCAOB, which includes, among other items, matters related to the conduct of the audit of the Company’s financial statements. The Audit Committee also received written disclosures and the letter from Grant Thornton required by Independence Standards Board Standard No. 1, which relates to the independent registered public accounting firm’s independence from the Company and its related entities.

The Audit Committee is governed by the Audit Committee Charter adopted by the Board of Directors, a current copy of which is available on the Company’s website at www.cyanotech.com. Pursuant to such Charter, the Audit Committee has the following primary responsibilities:

- 1) Review the performance of the independent registered public accounting firm and make recommendations to the Board of Directors regarding the appointment or termination of the independent registered public accounting firm;
- 2) Confer annually with the independent registered public accounting firm concerning the scope of its examinations of the books and records of the Company and its subsidiaries; reviewing and approving the independent registered public accounting firm’s annual engagement letter, and authorizing the independent registered public accounting firm to perform such supplemental reviews or audits as the Committee may deem desirable;
- 3) Review the range and cost of audit and non-audit services performed by the independent registered public accounting firm;
- 4) Review the Company’s audited financial statements and the independent registered public accounting firm’s opinion rendered with respect to such financial statements, including reviewing the nature and extent of any significant changes in accounting principles or the application thereof; and
- 5) Review the adequacy of the Company’s systems of internal controls.

The firm of Grant Thornton, an independent registered public accounting firm, served as the Company’s independent registered public accounting firm since fiscal year 2009. As stated in Proposal Two, the Audit Committee has selected, and the Board has approved Grant Thornton to serve as the Company’s independent registered public accounting firm for the fiscal year ended March 31, 2023.

Audit services provided by Grant Thornton consisted of the examination of the Company’s annual financial statements and services related to filings with the SEC as well as their review of the Company’s quarterly financial statements. All fees paid to Grant Thornton were reviewed and considered for independence by the Audit Committee. In addition, the Audit Committee (i) discussed with Grant Thornton their qualification of the partners and managers assigned to the Company’s audit, (ii) reviewed with Grant Thornton the quality control system for the US accounting and audit practice to provide reasonable assurance that the audit was conducted with professional standards, and (iii) confirmed with Grant Thornton that there was appropriate continuity of personnel working on our audits and availability of national office consultation.

Based on the review and discussions referred to above, the Audit Committee recommended to the Company’s Board of Directors that the Company’s audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2022.

Submitted by the Audit Committee of the Company’s Board of Directors.

Independent Registered Public Accounting Firm's Fees

Audit Fees

The aggregate fees billed by Grant Thornton, our independent registered public accounting firm, for professional services rendered for the audit of the Company's annual financial statements and timely quarterly reviews for the fiscal years ended March 31, 2022 and 2021 were \$339,500 and \$327,300 respectively.

Audit-Related Fees

There were no audit-related fees billed by Grant Thornton for the fiscal years ended March 31, 2022 and 2021.

Tax Fees

The aggregate fees billed or to be billed by Grant Thornton for tax services rendered to the Company, for the fiscal years ended March 31, 2022 and 2021 were \$17,000 and \$15,900, respectively.

All Other Fees

There were no other fees billed by Grant Thornton for the fiscal years ended March 31, 2022 and 2021.

The Audit Committee has considered and does not believe the provision of all other services by the Company's registered public accounting firm is incompatible with maintaining Grant Thornton's independence.

A representative of Grant Thornton is expected to be available at the 2022 Annual Meeting of Stockholders and will have an opportunity to make a statement and to respond to appropriate questions from Stockholders.

STOCKHOLDER PROPOSALS AND NOMINATIONS

Stockholders who wish to present proposals in accordance with Rule 14a-8 of Regulation 14A under the Securities Exchange Act of 1934 which they desire to be considered at the 2023 Annual Meeting of Stockholders must timely submit such proposals in order that they will be received by the Company no later than March 17, 2023. Any such stockholder proposal must be mailed to the Company's principal executive offices, 73-4460 Queen Kaahumanu Hwy., Suite 102, Kailua-Kona, Hawaii 96740, Attention: Corporate Secretary. However, submission of a proposal does not assure the proponent that the proposal will be included in the Company's 2023 proxy materials because all applicable rules of the SEC must be followed by both the proponent and the Company.

In addition, the Company's Bylaws provide a procedure for stockholders to propose a matter (other than a matter brought pursuant to SEC Rule 14a-8) at a meeting of stockholders, or to nominate a person or persons as a director. Procedurally, eligible stockholders must submit for actual receipt by the Company, Attention Corporate Secretary, at its principal executive office, any proposal or nomination within 120-150 days prior to the anniversary date of the prior year's annual meeting of stockholders. In the case of the Company's 2023 Annual Meeting, such proposals or nominations by eligible stockholders pursuant to our Bylaws (and not pursuant to SEC Rule 14a-8) must be received no later than April 28, 2023 and no earlier than March 29, 2023, unless our Annual Meeting date occurs more than 30 days before or after August 25, 2023. In that case, we must receive proposals not earlier than the close of business 120 days prior to the date of the annual meeting and not later than 90 days prior to the date of the annual meeting, or, if the first public announcement of the date of such annual meeting is less than 100 days prior to the date of such annual meeting, the tenth day following the day on which public announcement of the date of such meeting is first made by the Company.

To be in proper form, a stockholder's notice must include the information concerning the proposal or nominee, as well as the stockholder and possibly affiliated persons, specified in our Bylaws. A stockholder who wishes to consider submitting a proposal or nomination is encouraged to seek independent counsel about our Bylaw requirements and procedures, as well as SEC requirements and procedures. The Company will not consider any proposal or nomination that does not meet all requirements of our Bylaws and of the SEC. The Company also reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.
